CALL FOR PAPERS

27th International Conference

**RAAD
2018**

**Robotics in
Alpe
Adria
Danube
Region**

PATRAS, JUNE 6-8, 2018

The 27th International Conference on Robotics in Alpe-Adria-Danube Region, RAAD 2018, will be held in Conference & Cultural Center of University of Patras, from June 6 to June 8th, 2018. The Conference will bring together academic and industry researchers in robotics from the Alpe-Adria-Danube Region affiliated countries and their worldwide partners in a collegial and stimulating environment. According to its tradition, RAAD 2018 will cover all major areas of R&D and innovation in robotics, including new research trends such as: bio-inspired and cognitive robots, visual servoing of robot motion, human-robot interaction, cloud robotics and personal robots for ambient assisted living.

Conference Topics

Papers are solicited on topics related to new theories, advanced design of robot mechanics and control architectures, and development of intelligent robotic applications, including but not limited to:

- Novel design and applications of robotic systems
- Dexterous grasping, handling and intelligent manipulation
- Intelligent cooperating and service robots
- Advanced robot control
- Human-robot interfaces
- Robot vision systems and visual servoing techniques
- Mobile robots, Humanoid and walking robots
- Field and agricultural robotics
- Bio-inspired and swarm robotic systems
- Towards micro and nano-scale robots
- Aerial, underwater and spatial robots
- Robot integration in holonic manufacturing
- Personal robots for ambient assisted living
- Medical robots and bionic prostheses
- Intelligent information technologies for cognitive robots
- Education in robotics
- History of automation and robotics
- Cognitive robots and Emotional Intelligence
- Cloud robotics
- Ethical, legal and social issues of robotic

Paper submission and proceedings

Authors are kindly asked to submit original (not published or being considered for publication elsewhere) full papers with recommended length of 8 pages in Springer format. All accepted and presented papers will be published in the Springer Series, with the title: "Mechanism and Machine Science"- Proceedings of the 27th Conference on Robotics in Alpe-Adria-Danube Region RAAD. The authors of the best RAAD2018 papers will be asked to submit the extended versions of their manuscripts for publishing in the journal special issue with JOMAC, www.jomac.it, as well as in a special issue of the JCR listed journal Robotica. Best papers will be awarded in three categories: research, applications and student.

Venue

The Conference will be held in the Conference and Cultural Center, University of Patras, Greece <http://www.confer.upatras.gr/>

Location

Patras is the 3rd biggest city and the 3rd biggest port in Greece. Patras is rich of beautiful buildings and squares whose architecture is influenced by the Italian culture. The visitors may easily walk in Patras city center, where they may enjoy their coffee, food or drink.

Author's Schedule

Proposals for Special Sessions: January 9, 2018
Full paper submission: January 19, 2018
Notification of acceptance: March 1, 2018
Final paper submission: March 20, 2018

Registration Fees

Full registration: 350 € (early) / 400€ (late)
IFTOMM members: 320€ (early) / 340€ (late)
Students: 200€ (early) / 220€ (late)
Accompanying person: 150 €

Special Sessions

Send your Proposals for
Special Sessions:

to raad2018@upatras.gr

9 January 2018

A Special Session should cover a
specific topic in the field of robotics
with 4-6 accepted papers

General Chair:

Nikos A. Aspragathos, University of Patras, Greece

Co-Chair:

Panagiotis Koustoumpardis, University of Patras, Greece
Vassilis Moulianitis, University of the Aegean, Greece

International Scientific Committee (RAAD ISC):

Nikos A. Aspragathos, University of Patras, Greece
Karsten Berns, University of Kaiserslautern, Germany
Theodor Borangiu, Polytechnic University of Bucharest, Romania
Ivana Budinská, Slovak Academy of Sciences, Slovakia
Marco Ceccarelli, University of Cassino, Italy
Karol Dobrovodský, Slovak Academy of Sciences, Slovakia
Carlo Ferraresi, Polytechnic of Turin, Italy (ISC Deputy Chair)
Nick Andrei Ivanescu, Polytechnic University of Bucharest, Romania
Roman Kamnik, University of Ljubljana, Slovenia
Gernot Kronreif, ACMIT GmbH, Austria
Andreas Mueller, Johannes Kepler University Linz, Austria
Ivan Petrovic, University of Zagreb, Croatia
Doina Pisla, Technical University of Cluj-Napoca, Romania
Alexander Rodic, Institute Mihailo Pupin, Belgrade, Serbia
Jozsef K. Tar, Óbuda University, Budapest, Hungary
Said Zeghloul, Poitiers University, France
Leon Žlajpah, Jožef Stefan Institute, Ljubljana, Slovenia (ISC Chair)

Advisory Board:

Guido Belforte, Polytechnic of Turin, Italy
János F. Bitó, Centre of Robotics and Automation, Hungary
Štefan Havlík, Slovak Academy of Sciences, Slovakia
Peter Kopacek, Vienna University of Technology, Austria
Alberto Rovetta, Polytechnic of Milan, Italy
Imre J. Rudas, Óbuda University, Budapest, Hungary

National Organizing Committee:

Panagiotis Koustoumpardis, University of Patras, Greece
Vassilis Moulianitis, University of the Aegean, Greece
Emmanouil Z. Psarakis, University of Patras, Greece
Gabriel Mansour, Aristotle University of Thessaloniki, Greece
Antonios Gasteratos, Democritus University of Thrace, Greece
Nikolaos Tsourveloudis, Technical University of Crete, Greece

Conference Secretary:

Georgia Kritikou, University of Patras, Greece

SOCIAL EVENTS

ANCIENT OLYMPIA & THE ARCHEOLOGICAL MUSEUM

An organized tour in the archeological region of Olympia and the archeological museum for the guests is included. It is a great opportunity for visitors to admire the place that the Olympic Games began and learn about its history.

LANDMARKS OF PATRAS

THE ARCHEOLOGICAL MUSEUM OF PATRAS

The New Archeological Museum of Patras is located near to the city center of Patras, Greece. It houses collections about the history of Patras and the surrounding area from prehistory to the end of Roman times. The museum was designed by the architect Mr. Theofanis Bobotis. The museum has four thematic sections, three of which permanent and one period

ST. ANDREW CHURCH

St Andrew's Cathedral or Cathedral Church of Saint Andrew is a Greek Orthodox basilica in the east side of the city of Patras in Greece. Along with the nearby old church of St. Andrew, it constitutes a place of pilgrimage for Christians from all over the world. It is dedicated to the First-called Apostle of Christ, Saint Andrew. It is the largest church in Greece and the third-largest Byzantine-style church in the Balkans. Over the central dome there is a 5-meter-long, gold-plated cross and over the other domes there are 12 smaller crosses. These crosses symbolise Jesus and His apostles. The interior of the church is decorated with Byzantine-style wall paintings and mosaics.

THE CASTLE OF PATRAS

The Patras Fortress was built around the mid-6th century above the ruins of the ancient acropolis, on a low outlying hill of the Panachaiko Mountain and ca. 800 m from the sea. The castle covers 22,725 m² and consists of a triangular outer wall, strengthened by towers and gates and further protected originally by a moat, and an inner compound on the northeastern corner, also protected by a moat.
